TWO F-5-L DIVISIONS AT SAN BARTOLOME; ONE PLANE IS MISSING

(BY A. P. NIGHT WIRE.)
SAN DIEGO, Dec. 30.—Roaring into San Bartolome Bay, on the Lower California coast, some 400 miles from their starting point at the naval air station here, twelve great seaplanes, comprising the two F-5-L divisions bound to the Panama Canal Zone on a flight which is being watched with interest by airmen the world over, completed the first step of their journey this afternoon.

Radio reports flashing in from several points to the naval air station brought the news that all twelve of the F-5-L machines had landed without mishap at 2:05 p.m. At that hour seaplane No. 5, of the NC type, had met with trouble which forced it out of the running for the day. It was last seen from the station at 2:05 p.m. and has not been received from the NC No. 5.

ONE FORCED BACK.
NC No. 5 was forced to put back into San Diego Harbor after having winged its way only a short distance down the coast, its hull having been damaged in taking off this morning. Officers and crew with mechanics went to work with a vim as soon as the big seaplane had "taxied" in and without mishap at 2:05 p.m. At that hour seaplane No. 5, of the NC type, had met with trouble which forced it out of the running for the day. It was last seen from the station at 2:05 p.m. and has not been received from the NC No. 5.

PLANE NONSTOP FLIGHT.
Lieut. H. V. Baugh, commanding the plane, made plans this evening for a non-stop flight from San Diego to Magdalena Bay, to overtake the rest of the seaplanes there on New Year's Day.

The seaplane staged on their first "stop" on schedule time at 3 o'clock this morning, the F-5-L divisions leading. The machines had to take it in a fog which was thick enough to make some trouble for the planes. But within a few minutes, according to reports, landed back by radio, broke into clear weather. The seaplane was on its way, for off Cedros Island the seaplanes ran into a brisk rainstorm.

NO SERIOUS TROUBLE.
Despite the rain, the planes kept ahead without meeting with any serious trouble and radio reports said they all landed in perfect order. For about two hours after the arrival of the F-5-L planes some anxiety was felt for the NC-4, but at 5 p.m. a bulletin was flashed by the naval station saying that the plane had landed at San Bartolome Bay at 4 p.m.

PLANE HAD BAD LUCK.
All luck overtook the NC-5 early in its dash. After trying for three and a half miles to leave the water, the plane hit a heavy swell off Point Loma, while the aircraft was taxiing at the rate of forty miles an hour. The impact with the wave knocked the hull near the bow, bent the compression struts and shattered the longerons of the craft. Water poured through a small hole in the forward fuselage and the engine, which was running, was threatened to continue further without making repairs would be highly dangerous. The crippled NC-5 then was towed back to the station.

BRITAIN'S PROBLEMS GROW.

Gloomy Picture Presents Itself for the New Year's Activities.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Dec. 30.—Britain's outlook for 1921 is pictured in rather gloomy colors by the politicians, economists, financiers and labor leaders. At home two outstanding problems—unemployment and food—have troubled the government, while it is also beset by many results of the war, including a vigorous newspaper campaign against so-called government extravagance.

In the foreign field, looking eastward, there is the perplexing problem of settling to Palestine boundaries, and the Persian Gulf, which is in a greater state of unrest than for years, requiring an exceptionally large garrison. Russia, with her trade proposals, which have caused a split in the British Cabinet, and the uncertain Greek situation.

DEALS IMPORTANT.
Officials here believe that within the next twelve months important dealings between Great Britain and the United States will necessitate more careful handling.

Negotiations between the two countries have been almost dormant since the political changes in the United States. There is a desire to clear up the oil question, which has been the subject of a long series of communications as to the extent to which the United States shall participate in the world petroleum supply, which of which is

HOW MUCH? IS ASKED.

Inauguration Costs Up in Senate.

Proposal for \$100,000 Gala Gets Properly Set Upon by Both Parties.

Republican Favors Ten Dollars for Automobile; Democrats for Simplicity.

BY ARTHUR SEARS HENNING.

WASHINGTON, Dec. 30.—The high cost of Presidential inaugurations, and particularly the prospective expense of the ceremonies and festivities attending the installation of Senator Harding in the Executive Office on March 4 next, engendered some spirited remarks in the Senate today.

A proposed expenditure of \$100,000 was deplored as wasteful extravagance, while from a Republican source came the suggestion that the expense be limited to \$10 for hire of an automobile for the President-elect and from a Democratic source a plea for a return to simplicity of Thomas Jefferson, who rode into Washington on March 4 and hitched his horse outside the Capitol.

Senator Harding some time ago expressed a desire to limit the inauguration to the taking of the oath of office and delivery of the inaugural address, with no parade, no ball, but he has been overruled.

BORAH INQUISITIVE.
"I desire to learn," said Senator Borah, who started the debate, "by what means we appropriate money for the inauguration of the President. I am unable to find from my investigation any other practice than that of expending whatever the inaugural committee sees fit to expend, and then the next year the committee takes care of it. Four years ago we appropriated \$70,000 and I understand this year the expense will reach \$100,000."

Senator Smoot said the reports of the prospective expenditure of \$100,000 referred only to the private funds subscribed by citizens to be expended on all the activities of inauguration day.

"I am not referring to the money private citizens are raising," retorted Senator Borah. "That's a matter which does not concern me. I am glad to see them contribute, if they want to, in any amount. What I am interested in is to find out what Congress appropriates for the occasion. Is the money asked in an estimate or does the committee simply go ahead and make the year's expenditure and then Congress pay the amount?"

HILLS CAME LATER.
"Always in the past," explained Senator Smoot, "the work has proceeded and when the bills were in the appropriations were provided."

Senator Jones of Washington said that he believed a joint resolution appropriating \$35,000 had been passed, while Senator Smoot called attention to the fact that the resolution creating the inaugural committee recently carried no appropriation.

"As I recall," pursued Senator Borah, "neither that resolution nor any other specified any amount, but merely gave blanket authority. I call attention to this because I think there should be a limit to the amount we are to spend at the beginning of this economical administration, and if some one else who is better fitted does not take charge of the matter I shall attempt to bring it to a vote."

"Would not it be a good idea to hark back to Jeffersonian simplicity a little at this time?" ventured Senator Fletcher of Florida.

"I should like," responded Senator Borah, "to limit the amount to be spent to \$10, which would be enough to pay the President's automobile fare to the Capitol and back."

A colloquy between Senators Smoot and Nelson brought out the fact that the inaugural platform on the east front of the Capitol will cost \$20 per cent more this year than in 1917. Senator Nelson of the District of Columbia said he never been done and suggested that liberty bells would be sufficient for the purpose.

Senator Smoot said the inaugural ball would be under the jurisdiction of the District of Columbia committee, which always asked Congress

SENATE "BITTER-ENDERS" HAVE DAY WITH HARDING

Knox, After Conference, Says He is Confident Versailles Covenant Will be Discarded.

(BY A. P. NIGHT WIRE.)

MARION, Dec. 30.—The Senate irreconcilables had their big inning today in President-elect Harding's "meeting of minds" and their spokesman went away from Marion declaring unbounded confidence that no foundation timbers for the new association of nations would be taken from the covenant of Versailles.

Senator Knox brought to the President-elect the warning of bitter opposition should he attempt to revive the covenant in any form as a basis for his new peace society.

"I am assured," he said, "that he has no set idea in mind."

Japs to Begin Trading With Soviet Russia.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Dec. 30.—It is expected that full relations will be entered into between Japan and the Far Eastern Republic in the near future, says a Moscow wireless communication received today.

The communication says that trade between Japan and the Far East is already in progress and that Japan will begin trade negotiations with Soviet Russia.

FOUR OF POSSE ARE INJURED BY NEGROES.

(BY A. P. NIGHT WIRE.)
COLUMBUS (Ga.) Dec. 30.—A sheriff and three of his posse were wounded early today in rushing a negro near Pittsfield, Ala., where a house, wanted on a charge of assault, was harrassed with two companions. Three negroes were arrested, one of them being slightly wounded.

The sheriff and one of his men were injured, but the other two were only slightly injured. Pittsfield was reported quiet tonight.

D'ANNUNZIO IS IGNORED. Drops from Sight in Fiume Negotiations; Denounces People of City.

(BY CABLE AND ASSOCIATED PRESS.)
TRIESTE, Dec. 30.—Gabriele D'Annunzio appears to have dropped out of sight in the official negotiations in progress. The agreement to be signed today for Fiume's submission to the Treaty of Rapallo and Italian rule will be subscribed to by the Italian government and the local authorities to whom D'Annunzio yielded his power. D'Annunzio, son of Gabriele D'Annunzio.

Much speculation prevails among the Italian officers as to the future of D'Annunzio. The general opinion expressed is that he will leave Fiume and go into exile. D'Annunzio's last public act was to send out a proclamation complaining of disunion among the Fiumians. He declared they were the sort of people to fight and die for, and denounced them in bitter terms.

QUARANTINE BAY QUIET.
Quarantine Bay was quiet yesterday morning when at 9 o'clock the Fiume plenipotentiaries subcommittee met to the quay at Ancona, where the preliminary negotiations were held and where the arriving plenipotentiaries from Fiume, who commanded the blockading force at Fiume, of their acceptance of the Rapallo pact.

The meeting was largely devoted to discussing what disposal would be made of the legionaries. The plenipotentiaries from Fiume pleaded that these soldiers be kept at the city, but this was refused.

The Associated Press was told that the poet's signature was unnecessary for consummation of the agreement and that the signature of the plenipotentiaries of the Italian government would suffice.

CRISIS IMPENDING.
(BY A. P. NIGHT WIRE.)
NEW YORK, Dec. 30.—Reports of an impending political crisis in Italy as a result of the cessation of military operations against Fiume were received here today by Capt. Hugo

GOVERNMENT READY TO MEET VIOLENCE WITH STRONG HAND OF LAW

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, Dec. 30.—An overwhelming vote of confidence in the government in connection with the Tours Socialist Congress was given by the Chamber of Deputies this evening. The vote, which was 451 to 54, came after the gauntlet had been thrown down to the government by the new Communist party of France, formed at the Tours congress, and acceptance of the challenge on behalf of the government had been made by Minister of the Interior Steeg. Deputy Marcel Cachin told the

chamber that revolutionary efforts by the new Communist party would continue despite any action the government might take. In reply, Minister Steeg warned the revolutionaries that any attempt at revolution would be suppressed with all the means in the hands of the government.

The debate arose from an interpellation of M. Vallat, a Radical deputy, who asked the government to explain why Marcel Cachin, member of the German Reichstag and of the executive committee of the Third International, had been permitted to enter France and speak at the Tours congress.

The discussion gradually broadened into a debate on the general policy of the government toward immigration, the permitting of undesirable to enter France and allowing revolutionary propaganda by foreigners and French members of the Communist party to proceed undisturbed.

Chairman Good of House Committee is Opposed to Appropriation; Would Force Sale of Equipment.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Dec. 30.—In opening the House debate on the sundry civil appropriation bill, Chairman Good of the Appropriations Committee today served notice that if he could prevent it, not a single penny would be appropriated for the Shipping Board. He added that his committee felt that it had to get behind the Shipping Board and compel it to sell its plant and equipment.

Ship leaders took up the big appropriation bill with the avowed purpose of disposing of it as soon as possible to make way for other important supply measures to run the government through the fiscal year of 1922. The bill contains more than 1000 items and calls for an aggregate appropriation of \$23,211,212.

Chairman Good assailed the provision which had been rejected by his committee, to give the Shipping Board \$147,000,000 for the support of the Emergency Fleet Corporation.

"We are not going to appropriate," he said, "a single penny for this board that does not know its business, that is wasting the people's money, and if it is going to get any money it must get it out of the salvage of its plant."

Representative Bankhead, Democrat, Alabama, asked if Representative Good was making it possible for the board to put off the day of final reckoning by the sale of its plant or loss of its operations.

"I don't think so," Mr. Good replied. "I know nothing about the business of man after man in high positions on the Shipping Board who know nothing about the business of man after man in high positions on the Shipping Board."

SENATOR PENROSE BACK IN CAPITAL.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Dec. 30.—Senator Penrose of Pennsylvania, chairman of the Senate Finance Committee, returned to Washington tonight, after an absence of more than a year, due to ill health.

There has been no announcement as to whether he intends to resume his seat in the Senate at this time.

FRENCH SOCIALISTS SPLIT.

Right and Centrist Parties Draw Away from New Communists' Body.

(BY CABLE AND ASSOCIATED PRESS.)
TOURS, Dec. 30.—The split in the Socialist party of France took definite shape this afternoon when the party met in joint session with the leaders constituting the majority of the Socialist members of the Chamber of Deputies.

The two groups concluded that inasmuch as a majority of the Socialist Congress yesterday had voted in favor of the Communist party of France, and thereby became the Communist party of France, the right and centrist parties were now officially the Socialist party of France.

In a manifesto to be issued to the world the new Socialist party will declare itself as being "clear-cut Socialists, dedicated to class struggle and the realization of a Socialist commonwealth and equal participation in all bourgeois ministries."

The Socialists have decided to attend the congress in Vienna, February 21, which has been called by the German Independent Socialists, the Independent Labor party of Great Britain and the Swiss Socialists. They

BANK MESSENGER ADMITS FAKING STREET ROBBERY

Confesses He Had Accomplice, Son of
High School Teacher, Snatch Bag
With \$80,000; Both Jailed.

Tricked into calling his accomplice over an extension telephone while the police "listened in," Aubrey Culley, 19-year-old bank messenger who on December 21 reported he was robbed on the street of a handbag containing \$6500 in cash and \$74,000 in checks by an unmasked and unarmed bandit, late yesterday afternoon confessed to Detectives Cahill, Fitzgerald and Supt. Loenbacher of the Pinkerton Detective Agency that he had planned the robbery himself and that, by prearrangement, the bag was snatched from his hand by his partner in crime, Charles F. Wright, 17 years of age, and living at 516 Meridian Terrace. The officers at once placed the second youth under arrest.

With young Culley's confession in their hands the police officers questioned Wright, who also confessed his part in the robbery. Wright stated that he was standing in an alleyway behind a poolroom at 419 1/2 South Spring street, and following instructions, snatched the bag from Culley's hands when he passed by in company with Paul Sauer, another bank messenger. Sauer, according to Wright, had no part or knowledge of the fake robbery.

Wright said that he had not spent any of the stolen money and told the officers where he said he had hidden it. Search of the spot failed to locate it and the boy was subjected to a complete examination by the police and his own parents, who came to Central Station for the purpose late last night. He repeated the complete confession in front of the parents, but maintained that he was not trying to "hold out" on the police. He said the money was buried under a tree in the foothills near the end of the East First-street car line.

Wright, according to Supt. Loenbacher, told the officers that he did not steal the money as he had been tricked by Culley. He said that he and

Far-Visioned Play Magnate
Tells of Unique Plans.

Work Backed by Millions
Starts on Twenty Acres.

BY GRACE KINGSLLEY.
A suburbanized Greenwich Village and a real Bohemia are to be built in our very midst by Oliver Morocco, according to the far-visioned theatrical magnate, who yesterday gave out full details of his remarkable plans.

The new enterprise is to be a city within a city, to be known as Morocco's Greenwich Village, and located at Melrose and Western avenues, on a twenty-acre plot just purchased. It will be a building enterprise unique in the city's history and perhaps in that of any country.

Morocco's Greenwich Village will be a city within a city, to be known as Morocco's Greenwich Village, and located at Melrose and Western avenues, on a twenty-acre plot just purchased. It will be a building enterprise unique in the city's history and perhaps in that of any country.

A striking edifice to be built at one end of the main thoroughfare will have its entrance patterned after the famous Hall of Mirrors in Versailles. This hallway will lead into a large auditorium at one end of which will be located a stage.

Wright told the officers, he stood in the alley watching the messengers go by. The first two trips Culley and his companion made resulted in no sign for which the Wright boy was waiting. The third trip, he said, Culley took out his handkerchief and blew his nose as he and the other boy neared Wright. Culley twisted his hat a little.

Wright snatched the bag and dashed through the poolroom. Once on Spring street he crossed over to the west side of the street and entered the Angelus Hotel through the Spring-street entrance. He did not hurry, he told the officers, and walked through the hotel, leaving it by the Fourth-street entrance. He continued to Broadway, where he took the East First-street car and rode to Belvedere, leaving the car at Gates and Hamilton streets.

From there he walked about a block, he said, and then he was arrested. (Continued on Tenth Page.)

Slaughterer of Women and Children Gets Death Sentence.

**MRS. MORGAN
NOW MISSING;
REMARIED?**

Wheaton, Budd Counsel, in
Clear on Lost-Love Extor-
tion Charge.

Mrs. Ida Alys Morgan, widow of "Gold Dust" Morgan and who, the State Supreme Court held, must pay a judgment of \$15,000 to Mrs. Florence M. Budd, was listed among the missing yesterday. Mrs. Budd, Mrs. Morgan for a long time, had been charged with extorting money from Mrs. Morgan.

From L. N. Wheaton, former Mayor of Long Beach, who had at one time represented Mrs. Budd, it was learned that Mrs. Morgan had since remarried in New York. All her property, it is understood, has been transferred to some other person.

Though Mr. Wheaton was a witness before the grand jury in the alleged conspiracy case, he made clear yesterday that he has never been charged with conspiracy. "I was called before the grand jury," he said, "but no complaint was issued against me."

Mr. Wheaton displayed yesterday a statement, given by eleven of the twelve jurors that heard the Morgan-Budd case, which stated that the jury believed that Mrs. Morgan was innocent of any conspiracy to extort money from defendant.

Knocked beneath the rear wheel of a heavy truck when she was pushed by a stranger as he jumped from a street car, Mrs. A. B. Miller, 50 years of age, of San Gabriel, was killed yesterday afternoon at Sixth and Spring streets. N. A. Millillo of 2675 Loamshire street, the truck driver, was arrested at Central Police Station, but held.

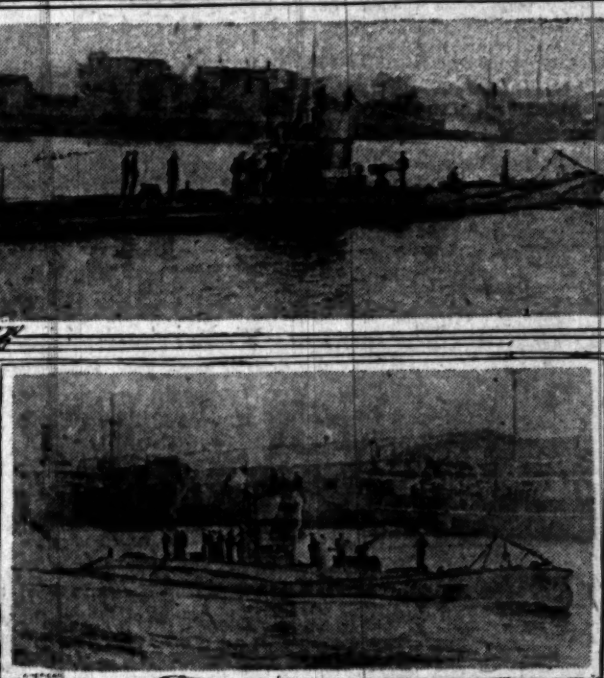

Witnesses said that as Mrs. Miller stepped from the curb of a man stepped from a moving street car and ran for another car. In passing the woman he bumped her violently and she fell beneath the rear wheel of the car. Mrs. Miller was unable to learn the name of the pedestrian who caused the accident, and witnesses stated that he was unable to catch another street car and did not seem to notice his collision with Mrs. Miller.

Arbuckle, Jolly
Star, to Marry,
Filmworld Hears.

Local film circles were stirred yesterday by a report to the effect that the engagement of Topsy (Topsy) Arbuckle, film comedian, to Miss Dorothy Wallace of New York is to be announced tonight at a house party to be given at the Arbuckle residence, 619 West Adams street.

Arbuckle, one of the leading celebrities of the screen, returned some days ago from a tour of Europe and, according to the rumor, brought back with him a wonderful diamond engagement ring for Miss Wallace.

At a regular meeting of the Republic Club of the sixty-sixth Assembly District, held Dec. 29, 1920, the following resolutions were unanimously adopted: "Resolved, that we, as a club, most heartily endorse the candidacy of Walter F. Linberger for Congress from the Ninth Congressional District of California. That we pledge our undivided support to his campaign. That we, as a club, honor to his environment, and an earnest of his future usefulness. The resolutions are signed by M. T. Poling, president, and Morris M. Ferguson, secretary.

GERMAN U-BOAT TO BE SUNK IN-DISGRACE HERE.

Submarine 88, Destroyer of Sixteen
Allied Ships, to be Shot to Pieces Off
Harbor Breakwater Monday.

A death sentence was passed upon Unterseeboot 88, brigand of the high seas, yesterday. The notorious Hun submarine, which was one of the most daring and stubborn of Germany's mechanical sharks, is to be shot to pieces off the harbor breakwater Monday.

The U-88, a German submarine of the Pacific Fleet, the U.S.S. Pocahontas and a destroyer will attend the funeral ceremonies, which will be held at a point about five miles off the harbor breakwater Monday.

The top of the U-88 holds one of the most famous marine records of any naval vessel. During its career it sank sixteen Allied ships, and it was responsible for the deaths of scores of women and children. Though it had a shorter life span than the average German submarine, the story of its outrages spread rapidly around the world.

In June, 1918, it sank two steamers off Flamborough Head. From June 20 to June 23 it sank six more

ADMIRAL BILLINGS DEAD.

Distinguished veteran of three wars and a victim of ill health, Rear-Admiral Luther C. Billings, U.S.N. (retired), died yesterday at his home, 243 North Kenilworth avenue, Eagle Rock, at the age of 70.

Written into the naval record of Rear-Admiral Billings is enough material for several novels. Born in New York in 1848, he was appointed acting assistant paymaster on the U.S.S. Water Witch, when only 20 years old, and two years later, toward the close of the Civil War, he was an active part in an engagement when the Water Witch was boarded by Confederates.

When the United States entered the war, he responded to the call to the colors, and although too old for active service, he was ordered to active duty in 1917 as purchasing officer for the Southern District, with headquarters at Baltimore.

While walking from Fifth to Fourth avenue after alighting from a West Adams street car at 5:19 o'clock last night, Gertrude Schoep, aged 23 years, employed as a maid at the Hotel Hamilton, was struck by a car and killed. She had been struck by a car and killed. She had been struck by a car and killed.

TWO KILLED, ONE DYING IN CHINESE TONG WAR.

Ancient Feud of Bing Kong and Hop
Sing Breaks Out Afresh Here and
May Spread; Two Arrested.

The blood of three Bing Kong tong men flowed in the gutters of Chinatown last night. Two of the men are dead and the third one is dying—which means that three Hop Sing tong men must die to avenge the losses of the Bing Kongs. Such is the law of the celestial underworld. And if more than three Hop Sing men are felled by the gunmen of the Bing Kong, then again the score must be evened by the gunmen of the Hop Sing.

Six shots, fired by a tongman of the Hop Sing, opened the hostilities of the two tongs which now threatens to develop into a national war between the two rival tongs.

Wong Lung and Yee Fat are dead. Wing Sen Wong is dying in the Receiving Hospital. Two Hop Sing men, William Chew and Chin Shun, are held at Central Station on charges of suspicion of murder. Quan On, companion of the two prisoners and who is accused of doing the killing, is being sought by the police.

The three Bing Kong men had left a tan-tan game on Alameda street. They were followed by three men of the Hop Sing tong. From Alameda street the Bing Kong trio turned west into the dark passage-way between the narrow streets. Hop Sing men, silently and stealthily crept up behind them.

SIX SHOTS FIRED.
As the two groups of Chinamen approached "Nigger" Alley, the Hop Sing trio quickened their pace and thrust four white men into the street. Then six shots were fired into the backs of the three Bing Kong men. Yee Fat, killed instantly by a bullet through his head, plunged down a narrow stairway and lay before a basement door. Wong Lung fell in the gutter, shot through the back. Mortally wounded, he died on the way to the Receiving Hospital. Wing Sen Wong, with one bullet in his side and another in his hip, fell upon the body of Wong Lung.

The only eyewitnesses to the slaying, the four white men who were thrust aside by the gunmen, were Jimmy Goodnow, 121 Avila street; George Peterson, 115 Avila street; John Roberts, 127 Castelar street; and Reno Bardell, 484 Macy street.

Two of the Hop Sing feudists ran west on Marchant street and darted up a narrow passageway to a Hop Sing hang-out at 524 1/2 North Los Angeles street, where they were arrested by officers of the Chinatown police. The officers were immediately closed, many doors were battered in and all the streets in Chinatown were swarmed and put on the trail of the suspected gang.

MORE KILLINGS EXPECTED.
Detective Sergeant McIntosh, former commander of the Chinatown squad and who knows Chinatown like a book, was detailed on the case.

CUT THROUGH SCREEN
AND GET SILVERWARE.

Cutting their way through a screen window, burglars early morning morning ransacked the home of Mrs. T. R. Ols at 837 South Vermont street and escaped with about \$1000 worth of solid silverware and some jewelry. Mrs. Ols reported her loss to the police late yesterday and declared that the family was asleep in another portion of the house when the burglars entered their home.

Mrs. Bullock Bloomington Chamberlain's Cough Remedy.

"Last winter, when my children were sick with colds and were coughing a good deal, I gave them Chamberlain's Cough Remedy," writes Mrs. C. M. Bullock, Garden N. Y. "It relieved them at once and under this treatment all symptoms of the cold gradually disappeared. My experience with this medicine warrants my recommending it to others."—[Advertisement.]

SOCIETY.

BY VIRGINIA WOODS.

Mr. and Mrs. Crocker.
In honor of Mrs. and Mrs. C. H. Crocker of San Francisco, who are house guests of Mr. and Mrs. J. H. Moulton of Hollywood, Admiral Jayne gave a smart little luncheon on board the U.S.S. Minneapolis yesterday. Others enjoying the affair were Miss Ruth Moulton, Capt. Dodd, Capt. and Mrs. Horn and Mr. and Mrs. Moulton.

Tonight Mr. and Mrs. Moulton are to give a New Year's dinner party at the Los Angeles Country Club for Mr. and Mrs. Crocker. A very handsome floral centerpiece will be a feature. Among their guests will be Mr. and Mrs. Alexander B. Barrett, Mr. and Mrs. Paul Thompson, Mrs. Dan Murphy and Miss Everett.

Purchased New Home.
Mrs. A. C. Billocke of South Pasadena has purchased the palatial home of Mrs. Anne Stinson at 325 West Adams street and has moved in. Miss Nancy Billocke, who came here for the holidays, will return to school at Dana Hall, Wellesley, on January 5.

Mrs. Garland.
Mrs. William May Garland is planning a luncheon for a company of twelve, Friday next at her home on West Adams street.

Bachelors Elect.
At the annual meeting and dinner of the board of governors of the Bachelors' Club yesterday, Gabriel Duque was elected president; Charles Shady, secretary, and Braden W. Lee, Jr., was elected treasurer. Reese Llewellyn was president last year and Mr. Dudley was president this year. They are to give their annual fancy dress ball on the evening of Monday, February 7, just preceding Ash Wednesday, as they have always done. The board of governors will meet again today and may elect members to fill the six existing vacancies, although they may let the vacancies run until next year. Always one of the most brilliant affairs of the social season, the bachelors plan to outdo all their previous efforts at this year's ball.

Miss Ruthborn Marries.
Last evening at St. Thomas's Episcopal Church, Miss Elizabeth Ruthborn, daughter of Mr. and Mrs. William P. Ruthborn, and Ralph Earnest Bell were married in the presence of a large circle of friends. The bride was lovely in a gown of ivory satin and point lace and her veil of duchesse lace fell from a coronet of point lace.

Mrs. Russell Buttern was matron of honor and the bridesmaids were Misses Jean Webster, Esther Roen, Mildred Jamison, and Louise Foster. They all wore frocks in pastel shades of taffeta and chiffon and carried bouquets to match. Robert E. Ruthborn, brother of the bride, was best man, while the ushers were Dr. Paul Roen, Lyman Gage, Arthur VIII and Russell Buttern. After the wedding a reception was held at the home of Mr. and Mrs. Arthur W. Connally.

Rev. and Mrs. Adkinson.
Rev. and Mrs. A. W. Adkinson are to keep open house at their home at 2129 West Twentieth street on Monday afternoon from 3 to 5 o'clock, and that evening from 8 to 11. A large number of their friends are expected.

Remnant Friday of Bullock's After-Christmas Sales

—The last selling day of 1920—brings forth Offerings that are fairly unbelievable in the Savings they make possible! Nineteen Hundred and Twenty has been a year of exceptional value-giving at Bullock's! This Week of After-Christmas Sales has brought to light Offerings that far exceed in unusualness those of many months previous! And Today, the last selling Day of the Year and of Bullock's After-Christmas Sales combined—witnesses Offerings which stand unprecedented for Value!

Remnants of Trimmings

—and this means hundreds of pieces of lace, nets, embroideries, bands, headings, etc., in good, usable lengths that have accumulated in Bullock's regular stocks and have been repriced for Friday, Remnant Day. Second Floor.

Remnants Drapery Weaves

—will include lengths of marquisette, nets, burles, madras, flit, bobbinet, etc., each piece of which is a really practical length for some purpose or other about the home; and prices for Friday, Remnant Day, mean savings that are nothing less than amazing. Sixth Floor.

Remnants of Silks

—literally thousands—thousands—of remnants of silks including those in the sports styles, tricolette, satin, charmeuse, poplin, taffeta, plain and fanciful, light and dark—have been left by heavy buying during Bullock's pre-Christmas and After-Christmas Sales; and every price will mean a big and welcome saving. Second Floor.

Remnants of Linings

—will also come into Bullock's Remnant Friday Values; and included will be usable lengths of novelty satins, A. B. C. silk, percale, plain-color satins, all of which are in lengths suitable for lining coats, suits, etc. Second Floor.

Remnants of Woolens

—So many of them! Plaid and striped wool weaves; plain-color weaves, including navy blue and brown serge, tricotine, coatings; and, too, some semi-made skirts will be offered. There will be lengths in the yardage wools for skirts, blouses, smocks, jackets, etc.—all in a great and important Friday, Remnant Day Clearance at Bullock's. Second Floor.

1000 Pairs Women's Shoes \$3.95 and \$5.85

In a Final Remnant Friday Clearance

—They're short ends, odds and ends, to be sure, but they are as good shoes—as to materials, workmanship, styles—as Bullock's carries. —There will be high shoes, oxfords, pumps, ties; and they will be placed on tables, according to sizes, for convenient and easy choosing. —Literally, there will be hundreds of styles. Bullock's feels warranted in advising the buying of more than one pair—if you find your size—for Value's sake—for Saving's sake! —Friday—Remnant Day—in Bullock's New Home of Women's Fine Shoes—Fourth Floor.

Women's Bath Robes at \$4.95

—Just twenty (20) of them at this small price for Remnant Friday's selling. They are not trimmed—are just good, practical, warm robes for real utility; light and medium colorings; made with small collars and have cord belts. You're bound to be surprised at the value!

Third Floor.

All Bullock Winter Hats at \$2.45, \$4.95, \$6.95

—You'll find the prices far below actual worth—and you'll be interested at once when you see them.

—Every hat, at its Remnant Day price, is one that is an accredited style of now; every one is worth dollars more than its present price.

—All year-end and last-of-the-year-remnant-Friday "odds-and-ends" in winter hats at Bullock's will be included at the prices in the headline.

—Many shapes; of various materials; in different shades. If you can use an extra hat during the remaining weeks of winter, why, just come early. Today, Remnant Day, to Bullock's—Third Floor.

Bullock's

Women's Wool Sweaters Half Price

—Here you will find imported and domestic—knitted sweaters and among them perfectly wonderful values! Included will be both heavy and light weaves, of heavy and light-weight yarns and alpaca sweaters; which are especially desirable for spring and summer wearing. —Some sweaters have Tuxedo collars, some rolled collars of contrasting-color materials. Every sweater marked down, down to half price for Remnant Friday. Sweater Section at Bullock's—Fourth Floor.

Wool Scarfs for Remnant Day, \$3.95

—New, too! Not "remnants," but so very good that they just had to come into this Remnant Day page! They're of nice, soft, warp brushed wool material; in generous length and have fringed ends. Colors are brown, camel and green heather mixtures. Their price is a very special one, indeed, for Remnant Friday—the "end-of-the-year" Remnant Day at Bullock's, Fourth Floor.

Remnant Friday Finds Blouses at Half Price

—Just fifty-six (56) blouses have been marked right down to half price for this end-of-the-year Remnant Day—Today, at Bullock's. —There are blouses of georgette crepe, of crepe de chine, some with short, some with long sleeves. A few hand-made blouses will be included, as well as blouses that are trimmed with flit lace. There will also be cotton smocks, yarn embroidered; and (think of it!) there will even be jersey smocks at half price! —And there will be a few most original and distinctive georgette overblouses that are hand made; and some crepe georgette and crepe de chine and black taffeta regulation blouses in extra sizes—all, each and every one of them to be just half price, today, the end-of-the-year Remnant Day, at Bullock's. Blouse Section, Third Floor.

Both Sides of the California-Ohio State Football Situation.

LOOK WHAT THE NEW YEAR BROUGHT ME!

UNLucky LIES THE HEAD THAT WEARS A CROWN

Some of These Predictions are Bound to Come True New Year's Day.—By Peg Murray.

GRID TEAMS INDULGE IN FINAL STIFF WORKOUTS.
Hunches Will be Settled and Dope Shattered When East Meets West Tomorrow.

BY HARRY A. WILLIAMS.

H. Hunch says that California will win. D. Dope declares everything points to an Ohio victory. And that they agree to disagree and leave the final decision to the teams.

Place the two teams in non-descript uniforms, erase their identity and their records, and put them on the same field to practice. The average man knowing nothing of the two eleven, would in all probability bet his bankroll on California. That's how much better than the Buckeyes, the Bears have looked in practice to date.

WON'T MISS YOU.
As for H. Hunch, he simply is here, and as usual, hasn't a word to say. If you don't like him he won't miss your company. When it comes to sociability he is in the same class with a crab.

D. Dope is a deep student of the game, decidedly argumentative and occasionally deals a few facts from the deck.

I looked up D. Dope yesterday, and found him watching the last hour workout of the Ohio squad. On being asked his opinion of the game, Mr. Dope gave his views at some length, as follows:—

BOUND TO STRING.
"Naturally, I am bound to string with the Ohio team," he said, "and I have had shot in the arm for two days. First let us consider the matter of football ability and experience. That knowledge of football which comes only with long, hard experience, might like it to ring a bell. You know what an experienced boxer will do a wronger, but rather green opponent. He knows a million little tricks, and you may not see them, but he is putting them across in the ring. Ohio knows every game of football, from the subtle to the strong stuff. I do not believe that the Bears, but they have been at it longer in a big league sense. To do the right thing at the proper time has become instinct with them. Respectfully, in conference games they have shown their ability to take advantage of the slightest faux pas on the part of an opponent, and frequently this alertness has turned seeming defeat into a late victory."

FIGURE IT OUT.
"Supposing that each player in the Ohio line-up knows just one more trick of football than the man opposite, figure out what that would mean in an hour's play."

"The Ohio line is going up against another great line in California, but it has faced great lines repeatedly, and never have the Ohio forwards failed. This human wall has stood up against the most slashing attacks which the middle western eleven could direct against it. It is

there any reason to believe that California has a harder attack than any in the Big Ten? And if the Ohio line stands the gauntlet, Pete Stinchcomb and the other backs are going to get away sooner or later for good gains."

FIRST BIG YEAR.
"California has just arrived. This is the first big year for the Bears. They have never been tested, and nobody knows how they will stand the gauntlet. Remember how they looked against U.S.C. last year. Didn't exactly put your eye out, did they? Some of their players today look like rather mediocre performers last year. The team seems to have arrived almost over right, and because of that is bound to be an enigma until it goes against the Buckeye line."

"Stanford was defeated here by U.S.C. this season, 10 to 0, and looked lucky that the score wasn't nearer 30 to 0. Stanford looked like a team which had been coached sufficiently, that which it learned in short, there seemed to be no coordination between what they knew and how to do it. They would start a play according to the coach's code, and then swing off into square left and squall right. Yet this same team had California to a 10-0 score in the first half of the big game."

HARD TO TELL.
"Stanford, short of reserves, succumbed to the heavy battering in the second half. How do you score a team, which could only score two points against the Stanford team of this year in thirty minutes, beating such veterans as the Wilce warriors?"

If the speaker, D. Dope, and all for Ohio."

"Yes, and you are the same guy who said Pennsylvania would do it. Oregon by five touchdowns, crushed H. Hunch, who had been listening to the oracle delivered by Dope."

Dope did not accept this challenge. He simply admitted that he was wrong about half the time, at the game time warning Hunch that he will be on the job as long as football lasts."

THREE INJURIES.
Dope forgot to mention certain infirmities to which the bone and sinew of the Ohio team is... present writing. Three of the regular backfield men are the victims of more or less serious injuries. Henderson has a cracked rib. Blair is carefully nursing a turned ankle, while Williamson brought a lame knee. In the first half of the game he worked with a brace on his leg, but since he discarded it, although he has not been quite as successful in discarding the limp. He played two of two games with his leg in this shape, and if it is not stronger

BRITONS WIN AT SOCCER FOOTBALL.
WASHINGTON, Dec. 30.—Sore muscles and bruises were prominent along diplomatic row today, arising from a soccer football match yesterday between a team of British Embassy attaches and an allied force from four other embassies or legations. The Britons won, 5 to 2, despite the fact that they loaned three men to the allied team to fly its ranks to war strength.

Gen. Bethel, British military attaché, captained the Britons, while Capt. Huntington, Italian military attaché, led the allied host, which included two other Italian, four men from The Netherlands, one from Brazil and one Argentine diplomat in addition to the three borrowed Britons. The winners have challenged the State Department.

CLUB QUINTET TRIMS BEARS IN FAST TILT.
High-Geared Basketball Game Has to be Continued in Some Extra Innings.

The Los Angeles Athletic Club basketball team vanquished the California varsity five in a close and exciting tussle on the L.A.A.C. court last night. The score was 21 to 19, the lead fluctuating like the price of sugar.

With the knot centered at nineteen apiece at the end of the regular session an extra five minutes of play was called for. Tony Wayman slipping in the basket that brought victory to the club men.

The Bears had a great chance to win the contest on a free throw. A foul was called on a clubman as the whistle blew the end of the regular session. Had Symes put the pill through the hoop the Bears would have won the game with a flourish and the extra period. He missed the iron ring by a Russian whisker.

FAVOR BEARS.
The first half ended with the score 8 to 6 in favor of California, the Blue and Gold varsity sitting on the sidelines until the last few minutes of the half and letting the second team do the work.

The day may not have been a mistake, the Mercury men looking better against the first team of the Bears than against the second-string players. Jack Symes, captain of the Blue and Gold five, was the only man of his team who could score in the second period. He threw three free throws and four fouls for a total of ten points.

TONY BEST.
Tony Wayman, with four field goals to his credit in the second half, was the best individual point-getter for the L.A.A.C. The clubmen had many chances to shoot, but missed many a chance almost under the hoop. The L.A.A.C. guards were good in the second half that duck slipped through with a sensational and spectacular shot, but he was the exception.

The L.A.A.C. almost lost the game through a failure to throw fouls, converting only one of twelve chances; the Bears made seven out of fourteen good. The line-up:

AMERICA DOUBLE VICTOR.
Tilden and Johnston, Tennis Stars, Upset Anzac Pair for Davis Cup.

BY CABLE AND ASSOCIATED PRESS.

AUCKLAND (N. Z.) Dec. 31.—American tennis players today won the Davis cup, the classic championship trophy of the lawn tennis world, when William T. Tilden II and William M. Johnston defeated Norman E. Brookes and Gerald L. Patterson of the Australasian team 4-6, 6-4, 6-0 and 6-4.

AUCKLAND (New Zealand) Dec. 30.—American tennis players today scored a double triumph over the greatest Australasian net stars and tonight held the position of favorites in the tournament for the Davis cup, the historic championship trophy of the tennis world.

William T. Tilden II of Philadelphia battered down Norman E. Brookes, captain of the Antipodean team, while William M. Johnston of San Francisco, virtually smothered Gerald L. Patterson, the brilliant young star who won the English championship from his team-mate, Brookes in 1918.

The Americans need only one match to win the Davis cup. The scores of the matches follow:

Tilden defeated Brookes, 10-8, 6-4, 1-6 and 6-4; Johnston defeated Patterson, 6-3, 6-1 and 6-1.

HAVE A CHANCE.
Brookes and Patterson have a chance to partly redeem their position tomorrow in the doubles against Tilden and Johnston. The way Tilden and Johnston ripped their way through the defenses of the Australasian team today, however, gave supporters of the Americans reason to believe that Brookes and Patterson must play super tennis to win even a momentary respite.

The final singles matches will be played on Saturday.

Tilden was finally puzzled today by the spirited volleying of Brookes, who maintained a stupor throughout the match. Tilden's brilliant returns did much toward turning the tide, although the head and shoulders of Brookes' game favored the Americans. Brookes' game was only slightly below the standard he had shown in his old-time mastery. Tilden's play justified his position as world's champion.

HOT CONTEST.
The match was played in two and one-quarter hours, including intervals of seven minutes between the sets. It was contested bitterly, but Brookes deliberately driving the ball out of the court on one occasion in order to make up for an assumed error on the part of a line umpire. Johnston's severe drives to Patterson's backhand in the back court had no difficulty in defeating William Lang of New York, won the other semifinal from Harry Pickels of New York.

Fear that boxing would get beyond control of facilities, was said to be the reason for disapproval.

HORNBY NOT FOR SALE.
ST. LOUIS, Dec. 30.—Branch Rickey, manager of the St. Louis Nats, inquired if not for sale. The announcement followed one made in New York last night that an offer by the Giants of \$200,000 and four players for the local star had been turned down.

LEAGUES MAY WITHDRAW.

BY A. P. NIGHT WIRE.

BALTIMORE (Md.) Dec. 30.—The possibility that the International League and the American Association may withdraw from the National Association of Professional Baseball Leagues, comprised of the minor leagues of the country, and enter the new national agreement as a separate and distinct body, is indicated in correspondence between President Hickey of the American Association and Jack Dunn, president of the Baltimore club of the International.

Chief cause of the dissatisfaction of the two big minors is the ruling of the national association that it is given per cent of the gross receipts of all past-season series.

Raymer's is about the only place that duck hunting has been reported as favorable recently, and Salisbury says this is due to the milo-male fields which attract the ducks.

in Impassive Silence.

Slayer of Sweetheart is Held
to the Superior Court.

"Told Me He Taunted Her,"
Says Arresting Officer.

With the mute impassiveness of a sphinx, Mrs. Marie Bailey, a tall and attractive woman of 21 years, sat in Justice Brown's court yesterday and heard several witnesses link her name with the murder of James Hogan, who was slain on a lonely road near Pasadena, two weeks ago. She was held to the Superior Court on a murder charge.

The man whom Mrs. Bailey is accused of killing had been a human automaton who with mechanical exactness posed in shop windows. Mrs. Bailey's actions in the shooting, suggested that she also may be such an automaton. Her young face was expressionless and during the proceedings she said not a word to her attorneys, Tiekner and Carter. The only noticeable movement was occasional raising of a small veil to her nostrils.

Mrs. Bailey, to the officers who arrested her, to her own attorneys, attaches of the District Attorney's office and to her own family looked upon as a person of sphinx-like tenderness. She refused to talk to any one. The only story she has told of the foothill tragedy was contained in a few words uttered at the Pasadena Police Station on the night of her arrest. According to the testimony of Detective Shelton yesterday, her only explanation of the shooting was as follows:

"He taunted me and I turned the gun on him and shot."

J. B. Leonard, 284 Meridian avenue, Pasadena, father of the young woman, testified that his daughter and Hogan were very friendly. He stated that Hogan came to his home about five weeks before the shooting, to board, but moved later, and that the revolver used in the shooting belonged to him, but that it disappeared about ten days before the shooting. Leonard stated that he thought Hogan a single man, and that he was in apparent good health and that Mrs. Bailey was a good spirit the night of the shooting.

Other witnesses testified that the defendant was pacing up and down the road at Ligonville and Piedmont street and that she was in heaven when Mrs. Maud J. Black of the La Vina Sanatorium, arrived in company with her husband, McKenzie, to render medical aid to Hogan following the shooting. Leonard stated that he saw Mrs. Bailey in the crowd of the shooting, heard the shots. He testified that he took his rifle and went into the crowd and saw Mrs. Bailey with a revolver in her hand running up the road. Dr. A. F. McKenzie, assistant physician at the La Vina Sanatorium, testified that he saw Mrs. Bailey running up the road and that she was in a state of excitement. He identified the bullet. Assistant City Mother Stevens of Pasadena, told of being to the defendant after the shooting.

It was terminated by the line of questioning asked by the district attorney that something regarding the acquaintance of Hogan and Mrs. Bailey will be an important factor on the defense in a trial before a jury.

ADMITS FAKING STREET ROBBERY

mile into the foothills beyond the end of the East First-street car line. He removed the paper money from the bag, placed the packages under a pile of eucalyptus leaves at the roots of a large tree, and then walked back to Gates and Hammet streets, where he left the grip and the \$70,000 worth of checks. The defendant was a sure and leave it so that the checks would get back to the bank, the boy told the officers.

He said that Tuesday, at midnight he took a trip to the eucalyptus grove, to see if the money was there, but failed to find it.

Shortly before the arrest became known the police were told that a boy was kidnapped from his home at 516 Meridian terrace. Later this was cleared up when the boy was found at the home of the kidnappers, who were the men who were the bell at the door, they picked him up bodily and placing him in the car, drove him to the Central station, where the confession was made, the officers said.

The father of the Wright boy is T. A. Butcher, athletic instructor in the Franklin High School.

JUDGE JACKSON GETS PARCHMENT FROM BAR

FIVE HUNDRED SIGNATURES
TO TESTIMONIAL REGRETTING
HIS RETIREMENT.

A testimonial carrying the names of more than 500 members of the Los Angeles bar was presented to Judge Jackson in Department Sixteen yesterday afternoon upon his retirement from the Superior Court to your efforts that our courts have prior to Judge Jackson. When he entered the courtroom from his chambers, the lawyers arose, and the judge paused in astonishment, for no such ceremony is usual in the Superior Court. His name was read by the clerk, and the judge was seated and proceeded with the routine business.

At the proper time Justice Welles, of the appellate bench, presented the testimonial which was an parchment handsomely inscribed, reading as follows:

"Greeting: For the last eight years you have presided as judge of the Superior Court with distinction and credit to the bar of our State. It has been due in a large measure to your efforts that our courts have kept abreast with the growth and development of our wonderful city and country. Your unselfishness and self sacrifice have been an aid and an inspiration to the young practitioners of the law, and to both the young and the old lawyer.

"A friend to the lowly and companion to the great, you have endeavored yourself to the majority of the lawyers appearing before you, and it is with profound regret that we are to witness your retirement from the bench.

We welcome you, however, again to the ranks of our practicing profession and realize that with the added experience that has fallen upon your shoulders, that your future must be brighter and better than even your happiest dreams could conjure."

Justice Walker, spoke highly of Judge Jackson's work on the bench and especially in Department Sixteen, which he systematized. When the testimonial was presented the lawyers burst into prolonged handclapping.

Judge Jackson in his reply said that 90 per cent of the liability for the state of California is due to the courts and 10 per cent rests upon the lawyers. During the months he has been in Department Sixteen he has handled 22,000 matters. The work has been quickened so that whereas formerly cases were set from eight to fourteen months away, they are now set three months away. He said he was glad to become a practitioner again.

BEAN TREE MAN TAKEN TO JAIL.

Promoter Says He Has Fine
Plan; Banks Declare His
Checks No Good.

Robert C. Cash declares that
he has perfected a method by
which he can grow beans on a
tree, but local and Long Beach
banks charge that Cash passed
checks on banks in which he
did not have sufficient cash
to meet his orders to pay.

While he was busy promoting
his bean tree discovery
yesterday, Cash was arrested
by Deputy Sheriff Lips and
Anderson and Detective Peterson
of the Burns agency.

Cash, charged with having obtained about \$200 on fictitious checks, was lodged in the County Jail.

Theodore Bell Robbed of Cash and His Ticket.

Having too much time last night
cost Theodore Bell, prominent San
Francisco Democrat, \$50 and two
hours time.

Mr. Bell had been at the Stowell and intended to depart last night on the Southern Pacific "Dwi," which leaves at 6 p.m. He was with his friend, Tom Nomic, and because there was plenty of time to spare before the train left, the two started to walk to the station. When they reached Fifth and Spring streets, Mr. Nomic remembered he had an engagement at the hotel and left Mr. Bell, who got on the street-car, and when the prominent Democrat arrived at the Arcadia Station he found his wallet containing his return ticket and his money had been stolen from his pocket.

Returning to the Stowell, Mr. Bell had a check cashed and again started for the station, but he had missed his train and had to remain over until the "Lark" left at 8 o'clock.

It is understood that following this indictment there will be other indictments against a number of the accused, charging that they committed perjury in some of the proceedings leading up to the bankruptcy matter.

The grand jury reported several other indictments of minor importance involving violations of the liquor and immigration laws. The members of the panel were the members of the grand jury for their services for the July term.
